

CRYPTOCURRENCY EXCHANGE IN COMPLIANCE WITH THE NORMS OF SHARIAH AND BASED **ON THE PRINCIPLES OF ISLAMIC FINANCE.**

Erahim Bin Khalifa Al Khalifa

Chairman of the Board of Trustees of **AAOIFI**

«The development of financial technology means that scientists need to revise the concept of funding for Muslims. It is necessary to take into account new factors and products offered by the market».

Mufti Abdul Kadar Barakatullah

Member of the Shariah committee in Al-Ryan Bank

«I am convinced that crypto-currency transactions can be an effective tool for the further development of Islamic finance».

ISLAMIC FINANCE MARKET

270% per year - expected growth of Islamic Crypto-investments

2 trillion dollars - Islamic financial assets

12% per year - the growth rate of the Islamic finance sector in the world

1.8 billion of Muslim population

Absence of cryptocurrency exchange working based on the principals **of Shariah**

The growth of the Islamic Finance sector is **12% per year**, the **projected growth** to **3.78 trillion dollars by 2022**. Islamic Ummah covers more than 120 countries in Europe, Western, Central, South and South-East Asia, and North Africa, which is a home to 22% of the world's population

ADAB Solutions create services, based on the high moral and cultural values of Islam and will provide access to all users of cryptoeconomics.

THE VOLUME OF THE GLOBAL MARKET AND ITS PROSPECTS

Monthly trading volume of more than **\$ 600 billion**

\$ 2 billion monthly earnings on commissions of crypto exchanges

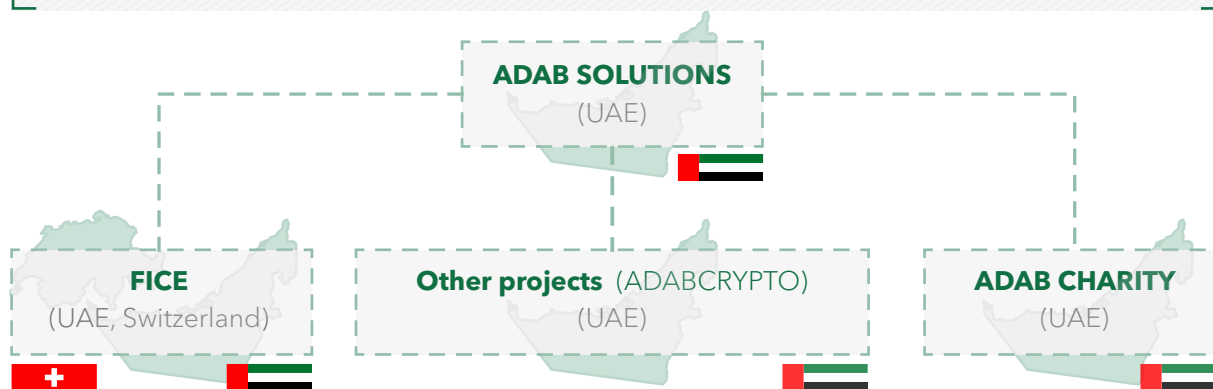

Potential growth of trades - more than **\$ 1 trillion** a month

Absence of the Shariah compliant **cryptocurrency**

Total capitalization of cryptocurrency market more than **\$ 300 billion**

At the moment, Islamic crypto assets are less than **1 billion dollars**, while the investments of Muslims are clearly much higher, the minimum **potential of the market is more than \$ 15 billion**
